PETER BRICKNER

Although the final scores show 58 competitors there were actually 61 in attendance at today's match. We had two "open" gun shooters whose division is not recognized but had their scores sent to them individually. The last missing competitor was regrettably disqualified (DQ) for unsafe muzzle direction.

This match saw a big change in the leader board. The divisions and classes seemed to be rather well balanced making individual ranking more meaningful. Congratulations to all the winners. When you look at the scores remember that some folks only strive for accuracy and/or practice IDPA rules when engaging targets. For others it is their first match of this kind and just wanted to be a safe participant.

Every squad leader reported back to me that there were issues of poor muzzle control by some people on their squad. Those people have been warned and are expected at future matches to be fully aware of the direction in which their gun is pointed AT ALL TIMES. Nuf said.

Fifteen people stayed after the main match to participate in the **Back Up Gun (BUG)** match. There were 2 stages with 4 strings of 5 rounds each per stage; total of 40 rounds. The stages were modified from stages 4, 5 and 6 in the lower pistol pits. The scores only show 14 competitors because there was another DQ for unsafe muzzle direction.

Thanks for those who stayed and shot the gun that you probably really carry. They are a lot more challenging to shoot than the ones we use in the main match. The results are on pages 11 and 12.

Special thanks to **Robert Glacken** who appreciates the ability to attend a run and gun style match that he made a separate donation of \$50.00 to make sure we continue this program. Thanks Robert.

Thanks for supporting the Matamoras Club by attending these matches and participating in the 50/50 raffle. **Bill Thompson** was the winner of \$99.00 this month. Our next match is September 28. See you at the range,

Peter

Match Stages
