PETER BRICKNER

This was a match that demanded, by design, a lot of every competitor. Shooting a total of 92 rounds minimum; accuracy was absolute in stages 1 & 2 while

quick gun movement was necessary in stage 3. Accuracy and movement came into play on Stage 4. Stages 5 & 6 required a good plan that was well executed along with the ability to hit moving targets and take down the plate rack. Shooting the last stage in the rain, however, was not part of the plan.

From the match results and the use of the scoring program, there are 3 people who are being bumped up to a higher classification. Doing this keeps the competition field level. **John Blauvelt** moves up from ESP MM to ESP SS, **Barry Zeek** moves up from SSP MM to SSP SS and **Anthony Piekarz** moves up from SSP Novice to SSP MM. Congratulations to all.

There were 44 competitors which included 3 ladies and 2 juniors. There are only 40 scores published as there were 3 DNF (did not finish) and 1 DQ (disqualification). I **believe** that one DNF was due to ammo issues while another was surrendering to a bad

shooting day. The third, I have no clue. The DQ was for breaking the 180 rule on stage 6.

I want to thank everyone who pitched in with resetting the stages and keeping things moving. I had no expectation of finishing the match before 3pm. With everyone's help, the match was over and all stages broken down before 2pm. Great job. **Steve Rotello** was the winner of the 50/50 raffle netting \$70.00.

The next match is on August 23rd.

Match Stages

Stage 1: Oh Really

Engage a paper target with 6 rounds through a rectangular slot in a No Shoot. Total of 6 rounds.

Stage 2: Something Very Different

Engage three ICORE targets with 5 rounds each reloading in between each target. Hits in the X zone reduce score by 1 second. Total of 15 rounds.

Stage 3: Drive That Gun

Engage 2 paper with 2 rounds each then one steel, reload and repeat, reload and repeat. Total of 15 rounds.

Stage 4: Shoot Through

Engage 5 paper and 2 steel concealed behind No shoot targets and barrels. Total of 12 rounds.

Stage 5: Run Forrest Run

Engage 6 paper and 9 steel within the shooting area. 1 paper is a "running man" target and 1 steel is on a pendulum swinger. Total of 22 rounds.

Stage 6: Stomping Grounds

Engage 10 paper and 2 steel within the shooting area. One paper is a swinger, one a drop turn and one a clamshell. Moving targets activated singularly or all at once. Total of 22 rounds
