This Memorial weekend match was opened with a moment of silence to honor and respect those who gave all in their service to our country.

PETER BRICKNER

There were 11 new shooters at this match and we saw the return of one of our juniors, **Luke Dotey**. One of the new shooters turned out a respectable score (**Erik E**). The match results have been updated slightly. A 50/50 was held with **Scott Q** as the lucky winner of \$44.00.

With so many new shooters at our last 2 matches I want to thank all our veteran regulars for their patience and help in getting these people safely through the stages. I have received a number of compliments from these folks about how helpful the Safety Officers were and welcome they felt by the rest of the squad. This is how we recruit the future of this sport and keep our second amendment rights alive and supported.

The pistol match was not overly easy and it presented some new challenges. There were "hosing" targets mixed with targets that required a hard focus on the sights. The potential for the "disaster factor" to kick in was present (damn no-shoots). Maybe next month I'll show mercy in my stage design but, then again, probably not.

The 3 gun match had some logistic problems in staging and we had a rifle target failure. This resulted in the match taking much longer than expected. I am not a 3 gunner so I am very much in the learning process in putting together a match/ stage/s. I want to thank the 14 shooters that stayed and endured the delays. I thought the 6 inch by 11 inch steel at 100 yards was going to be a challenge but there was a 100% success rate on that target. Next match it goes out to 150 yards. I will be in touch with Jim H and Bruce B who are active 3 gunners and get their input on improving stage design and staging issues. If anyone else has any ideas, comments or suggestion please let me know.

Thanks for a safe match and all your patience. Next match is June 29th.

Peter
